

# AMERICA'S RECOVERY Powered by Inclusion

2021 NDEAM VIRTUAL WORKSHOP

- **Sioux Falls National Disability Employment Awareness Month Event** ▪  
Thurs, Oct 7, 2021 ▪ 8:30-10 am (CST)

## Mental Health in the Workplace

Psychiatric disabilities and mental health issues may affect a person's awareness, memory and ability to learn, process information, interact with others, communicate and make decisions. They can often be "hidden disabilities" that do not receive the public awareness of visible disabilities. What are the workplace rights of people with psychiatric disabilities under the Americans with Disabilities Act (ADA)? What types of accommodations and auxiliary aids are commonly needed by individuals with these disabilities? Learn more about how employers can effectively engage candidates and employees with these functional limitations and benefit from quality talent.

**CRC and CESP  
credits available.  
SHRM/HRCI credits  
(pending).**

## Keynote Speaker

Jana Burke, PhD, ADAC is the president and founder of Mariposa Professional Services, a consulting firm specializing in ADA compliance strategies for organizations with rights and responsibilities under the law. She is a small business owner, consultant, trainer, and researcher who specializes in the ADA employment provisions and workplace strategies for ADA compliance. After 18 years in the field, Dr. Burke remains committed to helping transform how organizations do business by providing strategic planning and visioning for creating disability diversity and inclusion.
